

Polycom® Packaged Solutions

Flexible designs for advanced visual communication

The Polycom Executive Collection Floor System, Media Center and Media Cart deliver high quality conferencing experiences uniquely configurable to a variety of environments and requirements. As video collaboration and conferencing expand beyond the conference room, Packaged Solutions provide turnkey flexibility and power to deliver enriched, high definition meeting experiences whenever, wherever requirements demand.

Polycom HDX Executive Collection Floor System

The Polycom® HDX® Executive Collection floor system is an advanced solution for large conference rooms that delivers industry-leading performance and quality. Composed of a freestanding video conferencing unit with a Polycom HDX codec, the HDX Executive Collection floor system's premium 50" 1080p plasma screens perfectly showcase high definition video, while an intelligently dynamic 360-degree microphone array provides finely-tuned audio. Additionally, when paired with Polycom's HDX People+Content™ collaboration technology, the HDX Executive Collection floor system allows you to easily share content from your desktop or the Internet with other conference participants.

Polycom HDX Media Center

The Polycom HDX Media Center is a high performance video conferencing solution that includes all the components necessary to deploy a Polycom endpoint solution where needed. The HDX Media Center includes a Polycom codec, the audio systems including speakers and either ceiling or tabletop microphone arrays, integrated camera mounting and configurations with single and dual 42" displays as a tabletop, wall mounted or pedestal solution and single 50" display in wall or pedestal solution. The Polycom HDX Media Centers provide displays and audio systems which are tuned for Polycom codecs in order to provide the ultimate total conferencing experience right out of the box. The optional Polycom caster kit allows the HDX Media Center pedestal to be moved to meet changing requirements.

Polycom Media Cart

The Polycom Media Cart is a flexible solution for multiple applications. The Media Cart has a universal mount which supports a single 37" to 60" display or dual 37" to 42" displays. The secure cabinet has three interior shelves for equipment or rack mount the equipment with the optional rack mount kit. The Polycom Media Cart is designed for even the harshest environments to give you a perfect solution for your most demanding movable cart requirements.

About Polycom

Polycom is the global leader in standards-based unified communications (UC) solutions for telepresence, video, and voice powered by the Polycom® RealPresence™ Platform. The RealPresence Platform interoperates with the broadest range of business, mobile, and social applications and devices. More than 400,000 organizations trust Polycom solutions to collaborate and meet face-to-face from any location for more productive and effective engagement with colleagues, partners, customers, and prospects. Polycom, together with its broad partner ecosystem, provides customers with the best TCO, scalability, and security—on-premises, hosted, or cloud delivered.
